Fire Protection

## Carbon Dioxide

Carbon Dioxide gives fast, safe and effective protection for fires involving electrical equipment and flammable liquids. They are generally suited for use indoors, making them ideal for today's office environments. The cylinders are manufactured from lightweight high grade aluminum, they are highly effective, easy to use and leave no messy residue to clean up.

### Features

- Available in four sizes, 5 lb, 10 lb, 15 lb & 20 lb
- Chrome plated brass valves and stainless steel handle and lever
- Color coded labels for instant type recognition
- Re-designed label incorporating easy to follow instructions and larger fire pictograms
- Lightweight impact resistant extruded aluminum shell for optimum strength
- External epoxy coating on body shell adds extra protection to withstand extreme temperatures, dirty environments and UV degradation
- Non ferrous construction
- USCG approved

UL listed  
Six year warranty
