

Water Mist

An Amerex Exclusive!

Manufactured and Tested to ANSI/UL Standards
 Amerex is an ISO-9001:2000
 Registered Firm

RUGGED

- ★ Painted Stainless Steel Cylinders
- ★ All Metal Valve Construction

ENVIRONMENTALLY FRIENDLY

- ★ No O.D.P. (Ozone Depletion Potential)
- ★ No EPA phase out or restrictions
- ★ No global warming concerns
- ★ Non magnetic construction
(Models B270NM / B272NM)

CLEAN

- ★ No toxicity
- ★ No respiratory problems
- ★ De-ionized water extinguishing agent
(sold separately)
- ★ Exclusive crevice free, butt welded cylinder
- ★ Antiseptic white paint finish
(easy to clean interior and exterior)
- ★ No powder residue

USER FRIENDLY

- ★ Wand provides greatest operator safety
- ★ Maximum visibility during discharge
- ★ No electrical conductivity back to the operator
- ★ No thermal or static shock
- ★ Minimal training - simplest to use
- ★ Least expensive agent available
- ★ Bar Coded Labels

(Temperature Range +40°F to 120°F)

Recommended Vehicle Brackets:
 Model 810 or Model 864

SPECIFICATIONS	WATER MIST	
	Hose and Wand	Hose and Wand
Application	Hose and Wand	Hose and Wand
Agent	DE-IONIZED WATER	
Model Number	B270	B272

NON-MAGNETIC

Tested to ANSI/UL 711
 for Class C Listing

WATER MIST is the ultimate extinguisher for Class A fires and where a potential Class C (electrical) hazard exists. The fine spray from the unique misting nozzle provides safety from electrical shock, greatly enhances the cooling and soaking characteristics of the agent and reduces scattering of the burning materials. The Amerex Water Mist extinguishers contain de-ionized water making them the best extinguishers for protection of hospital environments, valuable books and documents, telecommunication facilities and "clean room" manufacturing facilities. The Amerex Water Mist extinguishers are easy to use and less costly to maintain and service.

U.L. LISTED - 6 YEAR WARRANTY
